Dear 9(2)(a)

Official Information Act (1982) Request

I write in response to your Official Information Act request, received by us on 12 December 2019. You requested the following information:

- **Could I please request if Counties Manukau District Health Board can provide an approximate estimate of hospital floor space in square metres of all the hospitals it owns, please?**
 - **A rough estimate will be fine.**

As context for this response, Counties Manukau Health (CM Health) provides health and support services to people living in the Counties Manukau region (approx. 569,400 people). Our services are delivered via hospital, outpatient/ ambulatory and community-based models of care. We employ more than 7,500 staff, and see more than 118,000 people in our Emergency Department each year.

We have provided (**Table 1**) the total floor area for each of the Counties Manukau DHB owned hospital facilities, noting that we also have a small number of other sites (e.g. dental clinics, community spaces) that are not considered hospitals, and note that some of the facilities listed here provide only outpatient/ community-based services.
